

Could have:

- Add donate opBon for the Global Goals Jam events, just like the scaling up nutriBon pla9orm which is called the Sun movement where they are scaling up nutriBon through voluntary donaBons because they don't have direct funding.
- Consider having a feature that sends a NewsleYer or briefs to users on this pla9orm regarding the progress of the community.
- A feature for awarding IncenBves/recogniBon to community members who are acBve on the pla9orm.
- Think about not limiBng access to informaBon on the pla9orm only to people who sign up. Access to informaBon on the pla9orm should be open to all.

Would like to but won't get:

- Allow adverBsements (ads) on the pla9orm to raise funds for supporBng low-income Global Goals Jam hub for Jam events hosBng.
